Home Language Survey

Massachusetts Department of Elementary and Secondary Education regulations require that *all* schools determine the language(s) spoken in each student's home in order to identify their specific language needs. This information is essential in order for schools to provide meaningful instruction for all students. If a language other than English is spoken in the home, the District is required to do further assessment of your child. Please help us meet this important requirement by answering the following questions. Thank you for your assistance.

ELECTRONIC INFORMATION RESOURCES FOR STUDENTS

Introduction

The electronic information resources are now available to qualifying students in the district. These resources include access to the Berkshire County Wide Area Network as well as Internet services. Electronics and Computer facilities are the hardware, software, network, and internet systems and equipment which may be located in the classrooms, hallways, computer and business labs, offices, teachers' rooms, network station areas and libraries. The District's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation and communication.

Scope

Internet access is coordinated through a complex association of government agencies as well as regional and state networks. With access to computers and people all over the world also comes the availability of materials that may not be considered to be of educational value in the context of the school setting. The BHRSD has taken available precautions to restrict access to controversial materials. However, on a global network it is impossible to control all materials and an industrious student may discover controversial information. The District firmly believes that the valuable information and interaction available on this worldwide network far outweigh the possibility that students may procure material that is not consistent with the educational goals of the Berkshire Hills Regional School District.

Purpose

In addition, the smooth operation of the network relies upon the proper conduct of the end students that must adhere to strict guidelines. These guidelines are provided so those students are aware of the responsibilities they are about to acquire.

Each student member applying for an account will review set guidelines regarding proper behavior and use of the network. The signature(s) at the end of this document is (are) legally binding and indicate(s) the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance and agree(s) to abide by these terms.

Terms and Conditions

1. Privileges: The use of electronic information resources is a privilege, not a right. Inappropriate use of these resources will result in the loss of computer services, disciplinary action, and/or referral to legal authorities. The systems administrator will close an account if necessary. An administrator or faculty member has the right to request, for cause, that the systems administrator deny, revoke, or suspend specific student accounts.
2. Acceptable Use: The use of an assigned account must be in support of education, business and/or research and within the educational goals and objectives of the Berkshire Hills Regional School District. Each student is personally responsible for this provision at all times when using the electronic information services.
 - a. Use of other organizations' networks or computing resources must comply with rules appropriate to that network.
 - b. Transmission of any material in violation of any United States or other states' organizations is prohibited. This includes, but is not limited to: copyrighted materials, threatening or obscene material or material protected by trade secrets.
 - c. Commercial activities by for-profit institutions are generally not acceptable.
 - d. Use of product advertisement or political lobbying, including lobbying for student body office, is prohibited.
 - e. Time and bandwidth are costly. While accessing the Internet, no games may be played.
 - f. Illegal activities of any kind are forbidden.
 - g. Do not reveal personal information, i.e., home address, phone numbers, password, or social security number; this also applies to others' personal information or that of organizations.
 - h. Do not use the network in any way that would disrupt network use by others, including the unauthorized installation of software that allows the download and sharing of MP3 files, videos, soundtracks, etc.
 - i. No personal disks may be used on any of the computers. You are authorized to use only the disks provided to you by your instructor or systems administrator. You are not permitted to copy your personal programs/games onto any of the computers in the networked labs, and you may not copy any programs installed on the network/computers onto your personal disks for your personal use.
 - j. No food or drink is permitted in networked labs or around any network resources.
 - k. Illegal installation of copyrighted software or files for use on BHRSD computers is prohibited.
3. Monitored Use: Electronic mail transmissions and other use of electronic resources by students shall not be considered confidential and may be monitored at any time by designated staff to ensure appropriate use for instructional and administrative purposes.

4. Network Etiquette: Each account holder is expected to abide by the generally accepted rules of student etiquette. These rules include, but are not limited to, the following:
 - a. Be polite. Never send, or encourage others to send abusive messages.
 - b. Use appropriate language. Remember that you are a representative of your school and district on a non-private system. You may be alone on a computer, but what you say and do can be viewed globally! Never use vulgar or any other inappropriate language.
 - c. Use electronic mail appropriately. Electronic mail (E-mail) is not guaranteed to be private. Everyone on the system has access to mail. Messages relating to or in support of illegal activities must be reported to the system administrator or school administration.
5. Vandalism: Vandalism is defined as any malicious attempt to harm or destroy property of another student or of any other agencies or networks that are connected to the Internet. Vandalism includes, but is not limited to, the uploading, downloading, or creation of computer viruses. It also includes any physical damage to computer hardware or software in the District.
6. Security: Security on any computer system is a high priority because there are multiple students. Once properly logged into the BHRSD network, do not leave your account/connection open or unattended. Do not use another individual's account. Unauthorized access to a computer system or part of a computer system that you do not have permission to use is known as electronic trespass and is illegal. If you identify a security problem, notify the system administrator or school administration at once.
7. Liability: The Berkshire Hills Regional School District makes no warranties of any kind whether expressed or implied, for the service it is providing. The district will not be responsible for any damages the students suffer while on the system. These damages include, but are not limited to, loss of data as a result of delays, non-deliveries, misdeliveries, or service interruptions caused by the system or your errors or omissions. Use of any information obtained via the information system is at your own risk. The Berkshire Hills Regional School District specifically denies any responsibility for the accuracy of information obtained through electronic information sources.

Penalties

Failure to adhere to the above recommendations for proper use of the computer facilities in the BHRSD, will result in the following disciplinary actions or additional actions as deemed appropriate.

First Offense: Loss of student password for two weeks.

Second Offense: Loss of student password for one month, and the possibility of school suspension.

Third and Subsequent Offenses: Loss of student password for one semester and the possibility of school suspension.

The right of appeal to the Principal will be upheld in all offenses.

PARENT OR GUARDIAN CONSENT FORM

I have read the Berkshire Hills Regional School District’s Electronic Information Resources Policy and understand that access to electronic information resources is designed for educational purposes. I understand that it is impossible for the District to restrict access to all the controversial materials and I will not hold the District responsible for controversial materials my student acquires utilizing the District’s electronic information resources. I agree to report any misuse of the electronic information resources to the District’s System Administrator or School Administration. Misuse comes in many forms, but can be viewed as any messages sent or received that include/suggest pornography, unethical or illegal solicitation, racism, sexism, inappropriate language, and other issues described previously.

I hereby give my permission for my student to access the District’s electronic information resources. I understand that this permission shall remain effective during the time my student is enrolled as a student in Berkshire Hills Regional School District, or until I give the District written notice that the permission given is revoked. I further understand that any amendments or revisions to the Electronic Information Resources Policy will be printed in the Student Handbook and that no other notice of amendment or revision to the Electronic Information Resources Policy will be given to me unless it is to be effective prior to publication in the Students Handbook.

Please note:

Per the Massachusetts Department of Public Health, exclusion of students during disease outbreaks may occur when one or more cases of disease are present in a school. All susceptible, including those with medical or religious exemptions, are subject to exclusion as described in the Reportable Diseases and Isolation and Quarantine Requirements (105CMR 300.000).

The reporting and control of diseases identified as posing a risk to the public health is prescribed by State regulation and law. The Isolation and Quarantine Requirements establish isolation and quarantine requirements for cases of certain diseases and their contacts in certain high risk situations, including the school setting. Common childhood vaccine-preventable diseases identified that may occur in schools and require exclusion requirements include: Measles, Mumps, Rubella, Pertussis (whooping cough) and Varicella (chicken pox).
